

## BY AUTHORITY.

### IRRIGATION NOTICE.

Holders of water privileges, or those paying water rates, are hereby notified that the hours for irrigation purposes are from 7 to 8 o'clock A. M., and 5 to 6 o'clock P. M.

A. BROWN,  
Superintendent Honolulu Water Works.  
Approved:  
J. A. KIRO,  
Minister of the Interior.  
Honolulu, May 23, 1904.

## The Daily Bulletin.

Pledged to neither Side nor Party,  
But Established for the Benefit of All.

SATURDAY, DEC. 1, 1904.

Instead of making such a fuss about three men who escaped from prison, where they awaited deportation for the heinous offense of not having \$50 each when they landed in the country, would it not be cheaper, as well as more effective in compelling respect for the law, to deport the sleepy policemen who allowed the poor men to regain their liberty?

### THE HISTORICAL SOCIETY.

There is reason for criticism of the executive of the Hawaiian Historical Society, for the short notice it gives of the annual meeting. At least a day's notice should be given of so important a meeting of such a large organization. Last year only a small item in the morning paper heralded the meeting, and many members for the first time heard of it when its proceedings were published. This year the notice was only less scant from being given in the evening papers also, affording to their exclusive readers, however, less than four hours' notice of the meeting. It is no wonder that the society has dwindled, so that there was not even a quorum to hear a paper, a few months ago, by a member occupying one of the highest positions in the country. Another source of weakness in the society is the fact of the capture of its executive by a small coterie of members of the Social Science Association. This was effected as early as the second annual meeting, when a cut-and-dried ticket was railroaded through by a crescent about the chair. At the same meeting a resolution was whooped through, giving the executive power to fix the salary of the curator or librarian—another Social Science man, whose capacity for salaried secretariats would make a cormorant blush. When these proceedings were being rushed so that there was no time for discussion, a prominent citizen, who has been identified in executive positions with many of the largest benevolent institutions of Honolulu, turned to his neighbor in the seat behind him, and asked him if he had ever seen a deliberative assembly conducted in such an extraordinary manner. Common policy on behalf of the young institution would have dictated a desire to have the executive offices and committees distributed among different circles of the membership. At present the prospect for the society is that it will devolve into a self-perpetuating executive—all head and no body—coming hat in hand periodically to beg subsistence from the public treasury. It has already grown so weak that its pet curator has resigned, there being not enough salary in sight to tempt even his rapacity.

### WHEEL RACES CHRISTMAS.

The Postponed Meet to Take Place December 25.

The Honolulu Cycle Race Meet Association met yesterday evening and decided to re-open the entries for the races which did not come off on Thanksgiving day. Entries will close on December 15. It was also the general opinion that the bicycle meet take place on Christmas Day. The local wheelmen will continue training and the original program will be unchanged. Harry Wooten is working hard to make the affair a success, and if fine weather prevail on that day there will be some fine exhibitions of bicycle riding.

### Practical Joke Attempted.

Someone telephoned an "engagement" is announced" item into the Bulletin office Thursday. One of the parties to the alleged tender compact, getting wind of the communication, called at the office this morning to stop the publication. There was no need, however, of alarm that such an item would be published in these columns without good authority. The young persons named belong to prominent families.

Collecting Taxes at the Point of the Bayonet.

A detachment from Co. E of the regulars will be sent to Maui on Tuesday by the Claudine. The natives on that island are refusing to pay their taxes, and the mission of the regulars is to enforce the payment.

### Miniature Art.

At Williams' Studio are to be seen Portraits on Watch Dials, which he is making a specialty of. Lantern Slides for lecture by the set or dozen.

## LOCAL AND GENERAL NEWS.

Say! See how spry the "animules" are in the Union Feed Co.'s square.

Inquire at this office for lease of a cottage centrally located.

Court Lunatic, A. O. F., will hold a special meeting this evening at 7:30 sharp.

Captain George Calhoun, Jr., of the bark Ceylon will not be touched in connection with the Featherstone affair.

Richard Mossman is walking lame to-day. The wheel of a dray passed over his left foot while he was engaged tailoring on the city front.

J. F. Morgan will hold a grand clearance sale of tailors' goods at the store of H. Hackfeld & Co. on Wednesday and Thursday of next week.

Kirsten, one of the stowaways brought by the S. S. Warrimoo, was released from the Station House to-day. His friends came to his aid with the necessary \$50.

The two shares of Pacific Club stock, which were to have been sold at auction at noon to-day, were disposed of at private sale. The sale of the lots at Waikiki was postponed in order to give intending purchasers a chance to look over them.

### JUDICIAL JOTTINGS.

Verdict With Three Dissenting—Fine of \$1000—Divorce.

The mixed jury in Maria Kaanaana vs. Keahi and others, after a two days' trial, returned a verdict for the defendants, three dissenting. Plaintiff appealed.

Joseph P. Silva to-day withdrew his plea of not guilty to the charge of embezzlement, and Judge Cooper sentenced him to pay a fine of \$1000 and \$350 costs. Attorney-General Smith for prosecution; Rosa and Magoon for defendant. Silva was charged with embezzling \$537.99 of Government money, while holding the office of Deputy Tax Assessor for Hana, Maui. The fine was paid.

Judge Cooper has granted Kate M. Thomas a divorce from E. B. Thomas, awarding the custody of the child to plaintiff, and ordering defendant to pay \$50 counsel fees and \$20 a month for the support of the child. Kinney for plaintiff; Peterson for defendant.

Emma Pedersen has been granted a divorce from Ole Pedersen, with \$10 a week alimony for six months from December 3. Magoon for plaintiff; Neumann for defendant.

The Achi divorce case will be resumed on Monday.

W. M. Cunningham has been nolle prossed for carrying hunting firearms without license. His suit for damages against Henry Davis and others has been discontinued. It is understood that the compromise arranged includes a withdrawal of the Sportsman's Association's objections to Cunningham's receiving a license to shoot.

Wm. W. McGowan, son, petitions for letters of administration to himself on the estate of the late Marjha J. McGowan. The property is personal and valued at \$1500, and the heirs are the two sons and two daughters.

Judge Whiting has confirmed the sale of real estate of the Cavalry mums. W. O. Smith for guardian. Execution has issued in the case of Julia J. Freitas vs. Joao F. Souza, for \$1250 and interest.

### ACCIDENT ABOARD SHIP.

Second Mate Bertelsen of the Transat Badly Hurt.

Bertelsen, the second mate of the four-masted schooner Transat, met with a very painful accident at 11:45 o'clock this morning. He was near the donkey engine and the schooner was being hoisted over to Brewer's wharf from the O. K. & L. Co.'s wharf. About half-way Bertelsen tried to pass the cogwheels. He was warned by the engine driver and told to go back, but the man persisted. Just as he was climbing over his right leg got caught in the cogwheels below the knee, and the flesh was literally torn away, the bone being exposed. The cries of the man were pitiful and attracted the attention of the doctor of H. M. S. Hyacinth, who was returning to his ship. Bertelsen was carried to the side of the ship, with blood dripping from him all the way, and the doctor bandaged the leg to staunch the flow of blood. When the schooner reached the wharf Bertelsen was put on a stretcher and taken to the Queen's Hospital. A. M. Hewett attended to him on the way. The Transat arrived yesterday from San Francisco. The engine driver states that Bertelsen was always a don't-care sort of a fellow and often took risks.

Captain Jorgensen said that the man was comfortably quartered at the hospital. The injury is not serious, but the patient will be confined to bed several weeks.

### BULLET THROUGH HIS HEAD.

Von Topaz Probably Ends His Career With His Own Hand.

Simon von Topaz, until yesterday a spy in the employ of Marshal Hitchcock, shot himself fatally this afternoon in his room below Smith's bridge.

On the police being notified, Captain Parker went to the place and found von Topaz lying in the middle of the room. There was a bullet hole through his head at the temples.

He was still living, and Captain Parker sent him to the Queen's Hospital. There is no hope of his recovery. The pistol used was a .32 caliber. A quarrel between two native women in the house was ended suddenly by the tragedy. They were taken to the Marshal's office.

Von Topaz formerly drove a hack. He became a soldier in the P. G. garrison. Later he was on the mounted patrol, and lastly in the Government's secret service. He owes money privately at the Station.

## Timely Topics

November 30, 1894.

We thought we would have enough Fertilizer Distributors to last a little while, but we were evidently mistaken. Out of the carload received by the Alameda we have three left and those are being watched by different plantation managers with a view to purchasing. First come first served, however, and if you want one of them now is your opportunity to buy it.

We've opened our cases of Piano, Banquet and Hanging Lamps and sold a lot of them. They are entirely different and handsomer in design than any we have ever had before. One of them, a Banquet Lamp, is a pink coral scheme of coloring without any decoration whatever—stand and globe alike and decidedly rich. A couple of others are in antique shapes and colorings, and look as if they might have been used in Pompeii before the fall. We had some Sewing Lamps of the same design that were sold within twenty-four hours after we opened the cases. They're beauties in every respect. In this same class of goods our Piano Lamps are deserving of special mention. Brass and Nickel Stands prevail and the patterns are every one new. These Lamps are useful even to people who have electric lights in their houses, for we have no doubt the Superintendent of the Electric Light Company could wire piano lamps with the same perfection that he did your dwelling—ask Mr. Hoffman about it.

Our Onyx Tables this year are prettier than any we have ever had, the shapes are different and the onyx has handsomer colorings. There's one in the store (already sold) that is worth while examining. It is perfectly plain in shape, two square shelves supported by four cylindrical columns, all in milk-white onyx.

The Ice Chests and Refrigerators mentioned last week have frozen out all other makes, simply through their ice-saving qualities and handsome appearance. These things are improved ever so often, and we now have the latest; anything later is to be evolved in the brain of the inventor. Ours cover every point necessary in a refrigerator or ice box, and the price is just about right.

If you want a pair of Link Sleeve Buttons that are strong, handsome and serviceable get a pair of Aluminum ones for a dollar. They look like silver, will not tarnish and you get them for a third of what you pay for Pinchbeck jewelry. Other articles in Aluminum are serviceable and cheap considering the quality.

A glance at our showcases of solid silver will convince you that the goods are the latest designs from the factory. The assortment is complete and must win the admiration of every one who likes pretty things. The Butter Spreaders and Oyster Sets are particularly noticeable for their beauty and usefulness.

A grade lower than the solid goods is the Plated Ware, some of which we show in the makai window. We have everything needed in this class of goods. Surprise yourself by comparing prices with those charged elsewhere.

## MINERAL WATER.

An invoice of the Celebrated "Shaasta" Water just received direct from the Springs in Shasta, California.

"Shaasta" is the finest mineral water in the world. It is used in every leading hotel and on all the railway dining cars in the United States.

"Shaasta" is the Queen of all table waters; blends perfectly with liquor of all kinds, and is a natural relief for all disorders of the stomach, kidneys and liver.

For sale by all druggists and the trade generally.

MACFARLANE & CO. LTD.

Sole Agents for the Hawaiian Islands.

The Board of Health recommend that all drinking water be boiled and filtered. No one doubts the necessity of this precaution with our city supply, but those who drink

## NAPA SODA

are always sure of its absolute purity. We warrant every bottle. NAPA SODA is a pure mineral water, just as it comes charged with sparkling gas from the bosom of mother earth. It is prescribed and recommended by the most eminent physicians. It is not one of the new "make-believe" natural waters, but has been in extensive use for twenty-five years. We furnish this "King of Table Waters" by the Bottle, Dozen or Case. We now have cases of Sixty Bottles, especially for families, at the very reasonable price of \$6 per case. ## ALOHA TOOTH POWDER.

is the most perfect dentifrice yet discovered.

It is manufactured after a celebrated formula now in our possession. The materials used are the purest obtainable; contains nothing deleterious to the teeth or gums, and its use cannot be otherwise than pleasant and beneficial.

Many people while laudably attentive to the preservation of their teeth, do them harm by using a tooth powder containing excessive "grit." Daily applied such dentifrices are calculated not only to injure the enamel by excessive friction, but hurt the gums.

A trial of ALOHA TOOTH POWDER will convince anyone of its merits and the advantage of using a dentifrice of the purity of which they can be certain. It is attractively put up, and will be sure to please you in every way.
